

Apple Wireless Keyboard

Price

\$ 47.00

Product Features

The sleek aluminium Apple Wireless Keyboard.

Website Description

A great Keyboard. Cordless.

The incredibly thin Apple Wireless Keyboard uses Bluetooth technology, which makes it compatible with iPad. And you're free to type wherever you like — with the keyboard in front of your iPad or on your lap.

The hero image is a wide, horizontal photograph of a sunset or sunrise over a body of water. The sky is filled with dark, dramatic clouds, and the sun is low on the horizon, creating a bright glow. The water in the foreground is dark and calm. A dark, vertical shape, possibly a tree or a building, is visible on the right side of the image.

Headline

With a great subtitle

Write one or two paragraphs describing your product, services or a specific feature. To be successful your content needs to be useful to your readers.
